 ENVIRONMENTAL HEALTH
 BODY ART INSPECTION PROGRAM

Voluntary Declination of Hepatitis B Vaccination

I understand that due to my occupational exposure to blood or other potentially infectious material (OPIM) I may be at risk of acquiring the hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or OPIM and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to me.
